SALE OF LOTS A SUCCESS.

Sixty Lots Brought More
Than \$6,000 In
Aggregate.

FINE SPECIAL FEATURE.

L. W. Means Wins Footrace
With Ed D. Jones a
Close Second.

Fifteen or eighteen hundred peo-
ple attended the public sale of lots
which were put on the market last
Tuesday by McPherson, Fowler and
J. T. Hanbery. No sale has ever
been made here that was so well ad-
vertised as this. The Fitz Simmons
Auction Co. certainly understands
its business. They know the virtue
of printer's ink and made free use
of it. There were sixty lots sold at
an average of over one hundred
dollars. The prices were satisfac-
tory to the sellers and many of them
will be improved in a short time.

The auctioneer, Col. W. W. Bishop,
kept the crowd in a good
humor while he squeezed their
pocket books. Altogether the sale
was a decided success.

The music by the local band was a
highly enjoyable feature while the
baby show interested the ladies.
Mrs. Fred T. Harned's baby captured
the first prize, \$10, the second
prize, \$5, was carried off by the
child of Mrs. Jas. Quarles, while the
third prize was awarded to the baby
of Mrs. F. J. Simmons. The drawing
for cash prizes resulted in G. L.
Mitchell getting \$17.50; G. H. Boyd
\$7.50, and Arthur Courtney \$5; L.
W. Means won first prize in the old
men's foot race, \$10; E. D. Jones
second, \$5, and John P. Pool third,
\$2.50. There were ten entries.

IN ONE NIGHT

Waterbury, Conn., July 12.—
When the superior court convened
here Saturday with Judge George
W. Wheeler on the bench to hear
arguments on a motion to release
Morris Dobkin from jail, a stir was
created by the announcement by
Dobkin's lawyer that his client's
hair had turned white.

The shock of being convicted of
stealing was so great, said the law-
yer, that Dobkin's hair, black as
coal when incarcerated, turned white
as snow before the next morning.

At the New Haven jail, where
Dobkin is confined, the phenomenon
is causing no end of wonder.

MORE LAND SALES.

Several Real Estate Deals
in Newstead Vicinity.

In our last issue we noted the sale
of the McKee place at Newstead to
Mr. A. M. Henry, a fine farm of
250 acres. Several other land sales
were made this week in the same
neighborhood. Mr. A. M. Henry
sold two tracts of land. One of 180
acres, a part of the E. F. Morris
place, was sold to M. T. Carter for
\$4,000. Also a tract of 93 acres was
sold to R. H. McGaughey for \$4,000.
Mr. McGaughey in turn sold the
Kinkead place of 240 acres to Ben
McGee for \$6,500. The various
transactions aggregated more than
\$20,000.

DEMAND FOR UNION DEPOT.

Belt Line Brings Attention
to Another
Need.

CHANGE AT I. C. DEPOT.

Tennessee Central Trains to
Have Better Terminal
Facilities.

A much needed change for trans-
ferring passengers from T. C. trains
to those of the I. C. is soon to be
made. Owing to track conditions,
people who come into the city over
the I. C. road, after leaving their
train have to pass over the platform
of the waiting I. C. before taking a
carriage or walking up into the city.
This is, of course, very inconvenient.
We are glad to say that one of the
tracks is to be taken out and an
arrangement made so that both
trains can run up to the platform
for the convenience of passengers
getting on or off. The traveling
public will delight in any change for
the better.

We heard this question asked the
other day, "Are we ever to have a
central station?" This is a question
that only railroad managers can
answer, but the great need of one is
obvious to everybody. It sometimes
requires hustling to get from one
road to the other to make "connec-
tions." A man comes in on the
9:45 L. & N. and wants to take the
11:20 I. C. This gives him ample
time to go from one train to another,
and it is all right in good weather,
but how about the snowing, blowing
and freezing of winter?

The belt line road may be con-
sidered an assured thing, which
will bring about the physical con-
nection of the two—or rather three
—roads. This will be a great con-
venience to local shippers and be in
keeping with the progressive spirit
pervading this community and rail-
road officials of the three different
roads.

It seems to us that it is about up
to somebody to make an initial
movement toward getting the rail-
road officials to agree to build a
union passenger station—something
up-to-date, like the one at Hender-
son. The business and population of
Hopkinsville need it. If we had a
live commercial club what a fine
thing it would be for it to go to
work on.

As an evidence that the L. & N.
is not afraid to spend its money on
improvements in Hopkinsville, look
at the splendid freight depot now
nearing completion. There is
scarcely a doubt that the proper
persons of the three roads running
into the city would favorably con-
sider any proposition that our peo-
ple might lay before them. One
thing is certain, nothing could be
lost by the effort.

THE WEED.

No Let-up In Receipts, And
Sales Are Heavy.

Tobacco continues to come in at a
lively rate and sales are heavy, both
on the breaks and the loose floor.
Quotations are unchanged, well
ordered tobacco commanding full
figures. The sorts sold were mostly
common to medium leaf and lugs.
The market is steady, with a de-
mand for all grades. Sales on the
loose floor on Tuesday were fully as
large as those of last week and hogs-
head sales yesterday were good.
There will be another sale of the
loose weed to-day.

STRANGE NEGRO

In Danger of Lynching at
Central City.

Central City, Ky., July 10.—An
attempted assault upon the wife of
the Rev. William Woodson by a
strange negro on a farm near here
this afternoon has aroused the
people of the surrounding district to
such an extent that a lynching is
feared should the mob succeed in
locating the negro, who was arrest-
ed here, taken to Greenville and
later removed to the jail at Madison-
ville.
